

## 4moms® mamaRoo®4

It moves like you do™. The mamaRoo4 infant seat bounces up and down, and sways from side to side, just like parents do when comforting their baby. Select from five unique motions, four built-in sounds, and five speeds. The seat reclines to multiple positions to allow baby to lie back and relax, or sit up and play. The mamaRoo4 is also Bluetooth enabled, so you can control the motion, sound, speed and volume from your compatible smart device. The overhead toy mobile now includes interactive, reversible toy balls. Keep baby's attention with the sound of the crinkle ball, rattle or reflective mirror ball.

## FEATURES

### **Advanced Robotics & Design**

Motion control software and dual-axis coordinated motion robotic platform mimic the same motions of a parent comforting their baby. The new mamaRoo has an updated LCD interface and one-touch, direct access to product registration and customer support from the new 4moms app.

### **Five Unique Motions**

It bounces up and down and sways from side to side, just like parents do.

### **Interactive Toy Balls**

Keep baby's attention with the sound of the crinkle ball, rattle, or reflective mirror ball.

### **Built-In Sounds**

Choose from four soothing white noises, or connect to any mp3 player.

**Seat Recline**

Adjustable to any position along its axis.

**Five Speeds**

Adjustable speed for rest or play.

**Weight Restriction**

Up to 25 pounds or until the child can sit up on its own
