

## **4moms rockaRoo®**

BIG Motion, small size.™ The 4moms rockaRoo provides front to back gliding motion that babies love in a compact size. The smooth gliding motion of the rockaRoo soothes your baby like you do when comforting them in your nursery glider or rocking chair. Its sleek, modern design is one third the size of traditional swings so the rockaRoo looks great in your home!

### **FEATURES**

#### **Advanced Robotics**

Motion control software rocks like a rocking horse, which maximizes the sensation for your baby.

#### **MP3 plug-in**

Play your baby's favorite music through the speakers.

#### **Compact**

It's 70 percent smaller than a typical swing.

*\*Assembled: 29.6 l x 16.5 w x 27.5 h*

#### **Reversible/Removable Toy Balls**
